It's easy to bid by mail . . .

1. Check the sale catalogue against your collection for lots that you can use.
2. Note the lot numbers, and the prices you would pay, on the bid sheet. You will get them for less if competition permits.
3. Bids will only be accepted in even dollar amounts.

We do the rest. Your bids will be entered in a competitive "bid book." The highest bid for any lot gets it, at just slightly above the next lower bid. In case of equal bids, the first received takes the lot.

During the week following the sale date, all your lots will be forwarded together with invoice if credit has been established with us, or paid for in full.

You are completely protected by our unconditional guarantee.

SO . . . mail your bid sheets early.

PLEASE REMEMBER!

In accordance with the terms of sale, each successful bidder also agrees to pay a buyer's charge of ten percent (10%) of the winning bid recognized by the auctioneer.

TERMS OF SALE

1. This is a public auction sale conducted by licensed and bonded auctioneers.
2. **A 10% BUYER'S CHARGE will be added to the "hammer price" of each lot as determined by the auctioneer.** This 10% BUYER'S FEE will be added to the invoice of each successful bidder regardless of a bidder's affiliation with any group or organization. Bidders must pay all Postage, Express, and Insurance charges.
3. We cannot be responsible for any errors in bidding. Please make certain you bid on the correct lot. When bidding for items in the sale, the bidder whether bidding in person, by mail, or by agent, agrees to abide by all the terms of sale.
4. **MAIL YOUR BID SHEET EARLY.** These bids will be treated as your maximum bid for each lot. In general, we start the bidding on each lot at a small advance over the next highest bid, thereby attempting to purchase the lot as reasonably as possible for you. **On all successful bids, a bidder agrees to pay a 10% BUYER'S FEE in addition to the sum actually bid (hammer price).** When identical mail bids are received by the auctioneer, preference is given to the first bid received. A mail bid will take precedence over an identical floor bid, and a floor bidder must bid higher than the highest mail bid to be awarded any lot. The auctioneer reserves the right to refuse ridiculously low bids which he, in his sole discretion, feels are not made in good faith. The auctioneer reserves the right to open the lot at a reasonable price, to set bidding increments as he, in his sole discretion, shall determine, and to withdraw any lot at any time.
5. Coins, Medals, etc., are sold so much per LOT, unless otherwise stated. No lots will be broken up. Estimates given are for the general guidance of the bidder. The lots can sell above or below the estimates.
6. Auction sales are not approval sales. In the event of non-payment by the buyer, STACK'S expressly reserves the right to refuse to deliver the lots, and in addition, STACK'S reserves any and all rights that it would be entitled to under the uniform commercial code, including buyer's consent to file a financing statement without need of buyer's signature. Floor bidders are encouraged to carefully examine all lots on which they are interested in bidding since, except for reasons of non-authenticity, **NO LOTS PURCHASED BY FLOOR BUYERS MAY BE RETURNED**, including those lots where the floor buyer is acting as agent for another, or those lots sold to mail bidders who have examined the lots. No lots will be delivered at the sale. All items offered in this catalogue are guaranteed to be genuine and correctly attributed. Claims to the contrary must be made within seven (7) days after receipt of the material.
7. No lot may be returned for any reason whatsoever without the prior written consent of STACK'S, or without its original container. Grading is a subjective description in the opinion of the cataloguer as to the state of preservation of a particular coin or lot. The term "proof" or "specimen" is used to describe a method of manufacture, and is not a grade or condition. Such terms are the opinion of the cataloguer and shall be deemed to be part of the description, and not an attribution. No warranty, whether expressed or implied, including a warranty of merchantability, is made with respect to such adjectival descriptions, which can and do vary among experts.
8. The highest bidder shall be the buyer, and if any dispute arises between two or more bidders, the lot in question shall be immediately put up and sold again. No lots will be put up out of their numerical order.
9. Unknown bidders must establish credit references or submit a deposit of 25% of their bids. By bidding in this sale, even if for a corporation or another individual, a bidder personally guarantees prompt payment. We cannot accept bids from minors. By bidding in this sale, the bidder acknowledges that the purchase is not a consumer credit transaction. **TITLE REMAINS WITH STACK'S UNTIL PAID FOR IN FULL.** It is the buyer's responsibility and obligation to have the lots fully insured while in his possession. Risk of loss is on the buyer.
10. Auction sales are strictly for cash and must be paid for promptly in U. S. funds. All bidders personally guarantee prompt payment. Checks are acceptable with proper identification. On any accounts past due, STACK'S reserves the right to extend credit and impose periodic charges as stated on the invoice or statement.
11. All lots delivered in New York State are subject to applicable Sales Tax.
12. Except for any claim or controversy arising out of non-payment (which, at the exclusive option of the seller or auctioneer may be referred to arbitration), any claim or controversy arising out of this sale shall be settled exclusively by binding arbitration under the rules of the Professional Numismatists Guild, Inc., then in effect. By bidding in this sale you agree to be bound by the arbitration provisions of the Professional Numismatists Guild. In all cases, the maximum liability of STACK'S for any item sold shall be limited to the official price of record of the item at this sale.

STACK'S CATALOGUES) ARE OF THE ACTUAL COINS BEING SOLD

PUBLIC AUCTION SALE

THIRD SESSION

SATURDAY AFTERNOON, SEPTEMBER 14, 1985

1:00 P.M. SHARP

LOTS 1174 - 1954

IMPORTANT NOTICE

In accordance with the terms of sale, each successful bidder also agrees to pay a buyer's charge of ten percent (10%) of the winning bid recognized by the auctioneer.

The Benedict Wolf Collection of United States Coins

This specialized collection was assembled with the idea of obtaining every regular issue Copper, Nickel, and Silver coin of the 20th century to 1969. Mr. Wolf came very close to realizing his goal. His collection lacks only four coins to be complete!

To properly present the coins it was our combined opinion that it should be offered by the year instead of by the series. In May 1984, Stack's sold a group of coins in a similar fashion. The great success of that Sale has encouraged us to offer this collection in the same style. Perhaps the organization adopted here will induce others to assemble their coins in a similar fashion.

(Reduced)*

- 1835 **1893** From our March 1981 Sale described as follows: "Note: The following group of rolls of \$10.00 gold, is the first we've offered for sale. According to the consignor these were acquired direct from a Swiss bank where they were stored for many years. They were sold as a roll of 50 Uncirculated coins (\$500.00 face value) and were kept in this fashion to minimize contact and the ever present bagmarks. In order to protect the coins during the exhibition and subsequent handling we have placed each coin into an individual plastic envelope. Lot 302. **1893 Roll of 50 Eagles.** Brilliant Uncirculated, mostly with bagmarks. All are lustrous . . . these coins can best be described as 'Average Uncirculated.' 50 coins in the lot."
